

## **CO2 Laser**

Deep-set wrinkles, your days masking true beauty and radiance are numbered! A combination of laser energy and conducted RF energy induces skin injury that is maximised in micro-thermal zones (regions of greatest energy intensity) along with an accelerated healing process afterwards. As a result, there is virtually no downtime with less lines and wrinkles, with increased collagen levels a definite boon too!

### **Important note:**

The Ministry of Health of Singapore does not allow the publishing of before and after photographs and patient testimonials in advertising materials. If you visit our clinics for more information, we will be happy to show you more photographs and pictures of our patients.
