

## Dr Shirley Kwee

### Deputy Clinic Director Palais Renaissance

As the resident aesthetic doctor at Prive Clinic, Dr. Shirley Kwee believes that for everyone to look good, they need to feel good.

Dr. Shirley Kwee completed her Bachelor of Medicine and Bachelor of Surgery in the University of Glasgow, United Kingdom. After finishing medical school, she trained extensively in general surgery, anaesthetics/ICU and cardiology in Manchester and North-West Deanery in England before returning to Asia to continue her medical career.

In Singapore, she has built her reputation as the go-to wellness doctor at Raffles Medical. Her friendliness, approachability and ability to formulate diagnosis and management is well-known. She was also one of the few selected ones to be trained under Prof. Walter Tan and Dr. Wilson Wong for the Raffles Aesthetics Programme. Additionally, she also holds Graduate Diploma of Family Medicine from National University of Singapore and is a licensed family physician.

Dr. Kwee is fully-accredited to perform a variety of aesthetic treatments as well as minimally invasive body enhancement treatments. With more than 6 years of experience in medical aesthetics, she is trusted by many patients to administer aesthetics treatments with satisfactory results. Her holistic approach is of highly reputable standard. Her goal in aesthetics is to help patients understand their

individual beauty needs and enhance them in the most natural way possible. She is also a member of the American Academy of Aesthetics Medicine and Anti-Ageing Medicine and Singapore Medical Association.

“Beauty has so many forms and the most beautiful thing is confidence and loving yourself.”

She loves to run in nature during her spare time, and has completed a number of half marathon runs. As a keen traveller, she cherishes the beauty of different places during her travels by trekking and scuba-diving. With a group of her close friends, she was also involved in numerous charity foundations such as Beyond Social Services and Cambodia Children’s Fund. Being an avid yoga practitioner, she lives by her motto “You must find the place inside yourself where nothing is impossible”.
